

My dear Sir,

I presume you will have
by this time returned to the bosom of your
family and the ordinary duties of
life - I hope your experiment in life
was satisfactory - I enclose to you Mr
Jennings letter & remittance. Parts of
the letter should of course be published
in Register but parts you will see are
not intended for every body - I have
drawn my pencil thro' Mr. J's
pencil about Mr. Arch? His graphic
description of your warfare -

I have to report a contribution
from the children in my bonds

Mr W Dawson

t

to the Poor scheme - The propriety
of such a contribution in the present
state of my Congregation may be questioned
but I was unwilling to allow the
thing to go on without giving my
children an opportunity of joining
and the following is the result - I will
put it on a separate slip of paper that
you may hand it to the Clerical -

You of this was kind enough
to say I might draw on him for
the Balance of an order he holds
in my favor on the Home Mission
Board. To save trouble I will
retain this amount against
him

to pay it to you at his convenience.

I hope you will not take notice
of either Mr. Foster or Mr. Smith's letter
in the Register - Something must be
done with Mr. F. I am too busy to
write a reply to him for this week
I will try & do so for next Christmas
As my answer to him when he first
came out had been published & dis-
gusted it might have saved us the
display of the old man's folly -

I have repeatedly urged Mr. Patterson
to furnish intelligence of Protheism
& the progress of Missions - I think you
would do well to have a special
department for what Mr. Smith
calls Missionsary facts - I have a
hope not among my people that I
will by send you containing a kind

statistical account of the present state
of the world in relation to Negroes
in Christian civilization -

Mr Baxter was to send me the
minutes book to enable me to get some
data & some notes for the continuation
of my "Discussions". I have not
got them, & as Mr. Patterson would
oppose they may be any the less
wonderful old stories that Mr. B. will
complain of I think I will stop
where I am - They can be used
at any time of circumstances again

I got only 17 copies of the last No. of
Register instead of 25, & wrote to Edward
W. Arnold to send me the remainder
Please see to it at your convenience

P.S. said not write to
Mr. G. about the
goods - I took for
granted that Capt. K. would
forward your letter - Perhaps we should write
I am Dr. P.
Yours Truly
W. W. Wadell
