

Letter
Ed Archibald

Folly Mountain
17. Aug. 1846

My dear Sir

On behalf of myself
and associates interested in the
Mineral property in this
Neighbourhood I have to request
that you will at your earliest
convenience favour us with
as full and detailed a report
as your means of observation
will enable you to give of

the locality, accompanied by
an analysis of the various ores
and minerals you may discover
and such hints and observations
as you may think likely to
aid in further researches &
I sometimes in reports your
receipts of the accompanying
fee of Ten Guineas, with the
best wishes &

Yours very truly

C. D. Archibald

J. H. Dawson Esq
Pector.
