My dear Sir

I have had an interview
with Mr. Baxter on the subject of Meeting
of Board of F. Missions. He desires me
to say that if there is nothing else
to be done but arrange our money
matters that he thinks that it would
be unnecessary for us on this side
of the Mountains to attend a meeting
of call it now. But at the same time
if you and your friends think it
desirable to have me he has no
objections that you use his name
and call one as soon as may
suit your convenience, If on this

contrary there is other important
business to bring before the Court and
if it is wished that we should attend
we would like that the meeting be called
to suit our conveniences, if therefore you
wish that the members from this side of
the County should attend you will
please write to Mr B. to that effect
and let him fix the day,

I am desir'd also to say for Mr.
B. that if you have a claim of ^{29/6} ~~£100~~
against him for Bibles, to take that
amount out of any sum that you
may be remitting to me and that
he will pay me.

You will oblige me by letting
me know the exact state of funds
in your hands as I intend making
up my account very soon, I shall be

get in the Trunks. collection which is
to be taken on Sabbath next. -

I rec'd. another letter from you since
it Lusk wrote, but it has been written
before the Lusk one that I answered
It had said in somebody's coach
perhaps rather long to send the pro-
posal intended. But as it turned out
it matters not.

With kind regards

Believe me

Yours very truly

John W. White

Mr Barton has said me word that
29/ is the sum that he wants you
to pay yourself.
