

Halifax Sept. 17th 1869

My Dear Sir;

My previous letter informed
you that I had seen Mr.
A. M. Murray - he showed
me ~~you~~ letters ~~written~~ to
you. I wrote J. G. Green
- he has not called upon
me & has not sent any
reply - I doubt if he
intend to come & see me -
for if you state to be
unable, he can have
wrote to say so has
as regards any other the

J. W. Dunsen

I am into you - you have
none. Had you talked
a ~~subject~~ for the state
as you did for the
empire, the law could
have protected you; but
having failed to do this,
the law affords no relief.
I know not what course to
advise - of course
have made me
very that some was - I
was disposed to counsel
patience + forbearance. It
could not be very slow

to see the only two
Geologists of the Province
engaged in a newspaper
warfare, & yet it is hard
to see the fruits of one's own
labour thus heated &
chilled by another's, his own.

I am

Yours truly

Geo. B. Ford

Regards to your uncle - I hope
Mr. D. has got over the loss of
his first-born.

Best love - I have just heard of
D. & will write you in
a fortnight.
