

Letter  
Mrs Grant  
Dec 1849

Dear Sir

I inclose from  
the Ladies of New Glasgow  
and its vicinity a small  
parcel for the Foreign Mission  
it contains 80 smalls prin-  
-cipally small ones which  
they wish to be distributed  
-by between Mrs G. & Archibald

I regret exceedingly  
that our contribution is so  
small, but the distressed  
state of money in our own

community who has been and  
shall with be a tax on the  
growing portion, compels  
me to say that under the  
circumstances we did not  
think it our duty to make  
the expenditures any otherwise  
would

Yours truly  
Annie South
