

Monday Morning.

My dear Sir

Enclosed are notes of meeting of

B. T. Messiers. You can say to Mr. B. B. that
it is the 'Record' from that we have decided
on. And that it is intended to be in every respect as
as nearly as possible like that periodical. Some
of the members attached great importance to all the
things, but more especially the middle one on
the page. It is the intention of the Board to circulate
the 1st thousand by distributing them among the Con-
gregations without getting subscriptions. depending
on additional contributions to be kept upon hand.

I send a letter from the Rev. J. P. C. of ~~Minist~~
~~at~~ them, which you will please get into the Church
the week, please acknowledge this £15. —

Yours truly

J. P.
