

Lu edgell

Thank for kindness in taking my interests

I was not a little surprised  
 when the Owner has made out  
 my Ath. Mining Specimen to be a  
 reptile, as I had felt it as a reptile first.  
 Your letter and one from Mr  
 Jones of Carl packet informed me  
 of this for the first time as my copy  
 of the one of the General with Owen Peck  
 has not yet come to hand. I am  
 sorry that Owen has pulled up rather  
 than the whole specimen just of  
 about curly palate bones and teeth  
 I only on the side of the floor being  
 among my specimens (Carl Specimen) thus  
 retains. There remains portions  
 I send of the packet of you of the  
 Mr. Jones Ath. Spec. of the. I am sure  
 and by to send the to the same as was  
 the Ath. Spec. of the of reptile - I am  
 sure I will admit that the doubt  
 is more like a halcyon than  
 any reptile matter described, and indeed  
 I am not until you the description I shall  
 have a little doubt as to its reptile affinity  
 I have wished to have the opportunity  
 of seeing a fine specimen over the summer  
 on the line from New Mexico and to -

Said we to the I wish of a lot  
would only to give to people my name  
or a name of the seal say. I shall be  
here with the to you but when you are  
absent.

I think it quite likely that  
of 9 Rep is Persian. Indeed I  
have sent in a note of the very paper  
after deposit to Phila which they  
may perhaps print and in which I  
shall not see a most titles—

I shall take an early opportunity  
to make a camp near of the  
New culture before than one for  
the old man in hope of further  
success I suspect that the cool  
open is the kind of one on my case.

Mr. Stahl has sent me  
an ape for abt. in the eggs  
sup of £ 2.5. The pen to send  
to the officers of I shall not expect  
it to be judging by.

Dear Sir

In answer to your report  
I have sent a note of the above  
of the pp of the 3d. The above  
part of the paper a great many people  
wrote a great deal of the paper and  
I have only just sent what will  
be sent out by the paper - and what  
I have sent to you I have sent  
to you the paper of the 3d. I have  
a list.

I have sent in some papers  
of the paper with yours. I have

Please say to Mr. Nichols the  
I will send the anti-slavery paper to  
I am very much obliged to you for  
them of your work.

C. S. Bell  
& G. G. Jones
