Messrs Dawson & Son

Gentle

Have the goodness to send me  
3 dozen more copies of the *Academy Geology*.  
I have only 2 copies on hand. If you  
choose to consign a further quantity I think  
it is likely apart from the merits of the  
work which are admitted here on all  
hands, that they would run off, from  
the circumstance of the author coming  
among us as a permanent resident.

In the news letter of this month  
I have noticed the *Geology*
