

Gentlemen,

Very much yours

I now send 140 pages of MS

which will be better in a short time  
of the remainder. The copy I hope will be very  
distinct and well made I think about page  
for page with words perhaps such as  
sample.

copy of all above

I wish the paper to be of the best  
and give to being 120 and that  
just fine for now it will be thick  
and good, and the type very  
imperfect good.

I send with the <sup>pages early</sup> ~~MS~~ the 100  
pages which they say I cut of them  
Nos 1, 2, 3 are from my printed paper  
and I trust you will get the checks for  
them. The rest must be cut in  
hand as cheap as you can get it done  
consistently with accuracy.

I enclose a note to Mr. Green by  
the first day early for the cuts I shall  
send you him. Please present it and  
make a note of it ~~in~~ in what way  
~~it will be to be furnished~~ what part you  
will send all for them in what way  
can best send them. I shall send out  
directly from your press and of the paper  
and in some other things to be engraved.

As I expect some work for the week  
on Portman I shall trust I can do some  
with some broken Collet's Lygonian which will  
lead to some in London and I shall give  
this as I had in what I must do at present  
and find some other work as I can.

With respect to the proof I fear  
that I can get no one in London to correct  
proof and there might at any rate  
be some in local names so that I  
believe I will have to be sent to me.

It can be arranged in this way  
Send by post mail say 14 pages  
make an account as you can and  
I will send you by 14 more. The best  
way will be to put it in hand at once  
and send by post mail as much  
as you have up, then the remainder as  
you as you will go by post mail. I shall  
believe the lot is quite as possible and  
so soon as it returns and is printed then I shall  
and set up for new proof and so on. In  
this way the whole will not extend over  
more than 4 months, which will not mean  
any more delay and it is possible that the  
copy the you to in order to put it into  
is possible. Send two copies of the proof  
sketches as a pamphlet and for it ends  
60 pages. Send them always in 10 copies  
It is not me to send I shall print.
