Dear Sir:

I beg leave to commend
 to your kind attention, in case
 they should be needed in Man-
 itoa; our kinderman Mr. C.
 Dwyer who is about visiting
 James Bay, in charge of the
 Hudson's Bay Co. His object is to
 make collections of specimens
 for the Smithsonian Institution,
 especially of eggs. to be used as
 materials for our work on N. A.
 biology. I take the liberty of telling
 him to call on you, if he needs
 any counsel or advice in N. A. re-
 spect. Hoping it is not too great a
 one I remain

Very truly Yours,
 Prof. J. W. Dawson Spencer Baird
 Printer McGill College Acad. Sci. U.S.A.
 B. Pittman

of study or general interest we
 would with much pleasure make
 of a package of Smithsonian and
 other publications. Perhaps you
 can let us know if you want in-
 tend for some of the later lists
 to Moore Library.

If Mr. Braden's collections
 are deficient in any direction will
 you not help us to complete them
 hereafter? The ^{series of} ~~series of~~ especially with
 as few additional seasons & complete
 in a additions year by year will
 be highly prized.

Very truly & sincerely
 your friend
