

*Copy of a Testimonial from the Right Honourable Viscount Monck, &c., &c., Governor General of Canada.*

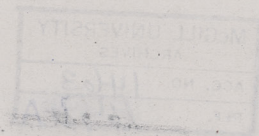

I have very great pleasure in expressing the high opinion I have formed of the personal character and acquirements of Dr. Dawson.

As official visitor of the University of McGill College, I have had some opportunity of becoming aware of the beneficial effect, which the manner in which he performed the duties of Principal has had upon the interests of the Institution ; and I may add, that I have never heard any person connected with the University, who did not speak in high terms of Dr. Dawson.

(Signed,) MONCK.
