

Quebec 16th April 1889.

Dear Prof. Dawson,

I have delayed my answer to your letter regarding a house at Murray Bay, at the Park where you wish to house me; but I had seen Mrs Thompson, Mrs Rawie and Col. Reece; and I regret to find from them that there are none to let, all having been kept on, from last year.

They told me however, that by going there early, you might still secure one, as the practice of the good people down there, is first

come first served".

With I could have
been of more use to you
in this matter.

Remain

Dear Prof Dawson

Yours faithfully

A Howard
