

Dear Sir

I think there must be some
mistake in sending down papers in
French a Botany & French for the
Intermediates - The Calendar mentions
only as subjects of examination, Classes
Pure Mathematics with Logic and the
English Language. He has sent papers
on all three - with the exception of Logic.
The Logic paper is founded on the
Lectures & a Text Book, which
he did not study - and I felt it would
be wholly unreasonable to set him down
to it - as I stated to Dr Leach. Russell
is I understand a good French scholar,
and might get through the paper sent -
But as he get no French from us, I really
think the papers he has sent should

be held sufficient. If not sorry as
at all next year, we shall have a
French class.

Some allowance is I think
due to Rennie as a professional
student. He has been regular in
his attendance at least as a Medical
Student.

Believe me

Yours truly

John Cook
