

W. 10 Auburn Street
Boston, May 8. 1869

Prof J. W. Dawson
Dear Sir -

I have this day sent per
Express to the address "McGill College"
a box containing Specimens of Nat-
ural History, being for the most part
a portion of a Collection made by me,
during the past winter, while sojourn-
ing in Florida or cruising among
the Keys of the Gulf of Mexico - also
a few specimens of Minerals from the
Pacific States of the Union -

With kind feelings to yourself &
family, believe me

Very truly yours,
Robt. C. Stearns
