

ONTARIO CHEMICAL WORKS,

London, Ont., 24 June 1869

Dear Sir,

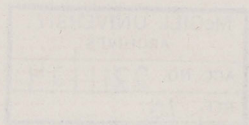

I shall endeavour to find
a suitable and trustworthy
man to undertake the work
for your friends in Nova Scotia,
referred to in your letter of
22nd inst. I have to correspond
with a friend in Bathurst on
the subject, and will let you
know as soon as possible, with
what success. I think there
should be little difficulty.

in getting what you wish.

Yours very truly
