

New Haven, Nov. 9, 1869

Dear Sir:—

Am obliged for your kind permission to describe the *Defaencia*, but have no immediate occasion for doing so. Am gradually working up the fauna of the Bay of Fundy for publication, and if it be not previously described should like to include this species in the list, but it will ~~not~~ be some months before I can publish such a work, & may be a year or more, for I have other things on hand.

Sincerely yours

Dear Sir,

I have the pleasure to inform you that the specimens of the genus *...* which you were good enough to send me have been received and are now in the hands of the artist. I have also the pleasure to inform you that the specimens of the genus *...* which you were good enough to send me have been received and are now in the hands of the artist. I have also the pleasure to inform you that the specimens of the genus *...* which you were good enough to send me have been received and are now in the hands of the artist.
