Somerset

Respected Friend

I am sorry to say
on the two days named I shall
be more specially engaged than
on any days of the month having
a daughter to be married on the
12th and being engaged to be away
on the 13th and the following
week I expect to be going early
to London. But on that week
my Son will be at home who
woud introduce thee to the per-
sons who have them for sale
If thou canst not come on or
before the 11th I fear I can shall
have no chance of seeing thee
myself till the end of month -
the beginning of June. But I will
try to see the notices to get them for

as presentable as possible when
they call.

Regretting that my engagements
should be as they are just now

I am respectfully

James Black
