

My dear Sir

I duly corrected, by the same mail, the misconception about W. Mackenzie's connection with the Silver mine.

Last night I rec^d a letter offering me the entire property & corporate rights of the Montreal Mining Co for a sum of money; the Directors with their usual liberality give me only until the 1st of June in which to raise & pay a large sum.

To-day I telegraphed them offering £500 for the refusal

of the property for three months.

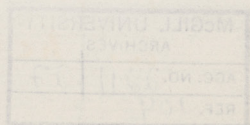

In the meantime I have no specific data, & it ~~is~~ has occurred to me that you might tell me how to lay my hands immediately on such information as may be necessary in order to exhibit the mineral wealth of the territory.

The Directors altho anxious to sell have not sent me even a plan of their locations, but are evidently of opinion that they themselves, & their properties are, or ought to be, as well known as the

" Monument on Fish-Sheet
" Hill.

Apologizing for troubling
you again, & always remember-
ing that I will be happy
to pay little ~~to the~~ to the
College, on the successful
result of any information
I may obtain from you,
which I am sure is a
pious Wite, believe me
My Dear Sir
I remain
Yours truly
