Dear Sir

I wd have answered your ^{or} obliging letter of the 2nd before this, but that I have been ever since extremely busy. My testimonials, of wh. you have I think seen a copy with Professor Johnson, being out of print, I am getting a fresh issue, when I have obtained some additions, and hope to have a copy forwarded you before the end of this month. Should they be accidentally delayed, a day or two longer, (wh. I think not at all probable), I must request that you will kindly consider me, in any case, as a positive applicant for the vacant Chair

therefore there is no fear of my giving any offence to
points to any of those books on whose good will you
themselves is so much thrown.

If we feel or much obliged if you wd let me know whether
you have since received any applications for the Professorship,
and also whether the different courses, mentioned in the
Calendar, may be altered by the Professor (after of course
due notice), if you sh^d concur with him as Principal of course
college in regarding them as in any respect susceptible
of improvement. As I will be only stopping here probably
2 or 3 days you will please direct to my former address

in your University. I assure you it wd
give me the highest gratification to
feel myself instrumental, as far
as my ability extends, in maintaining
the efficiency of the secular training
of young men intended for the
Sacred Ministry, in the Evangelical
Churches you mention as having
Theological colleges affiliated to
the University; as I have always
felt an interest in the progress
of Evangelical Christianity in all
its forms; as well as in the
spread of a feeling of intimate
union and brotherhood among
all who share that interest. I
myself often attend the religious
services of Evangelical Churches
to w^{ch} I do not belong. I trust
