

Cambridge.

July 14th. 1840.

My dear Sir

I am happy to say that I received your kind present, along with my mother's letter, last night, at the post-office.

And I can say that I think it is a very entertaining and instructive book about the World's birth-day, with the slight glance I have got of it yet. My mother also says that it is a nice book.

I remain
Yours affectionately,
George Waugh.
