Dr Dawson

My dear Sir:

I had intended to insert your son's paper in our July number. But original articles have come in upon us until we are already flooded, and we have to give them a place before a paper that is to appear elsewhere, or has so appeared. Moreover we have not yet received electro-types of the cuts which you spoke of sending. We shall therefore have to

delay the publication of
it till another number.
The paper is very much
of general interest.

Very truly yours
James D. Dana
