My dear Sir,

I enclose with
this a list of the
Fishes in the
Schoa collection, con-
sisted up to the
present time; and
have also desired
Mr Dawson to pre-
pare to you a copy
of the new edition
of my *Canadian Ichthyology*.
On asking and

the rate at which
he would give my
handbook of ~~Germany~~ ^{ZooLOGY}
for the use of
Schools in Ontario
he desired me to
say that if 250
copies are taken
he will give them
in good cloth for
half price say 62 1/2 cts
per copy; and if

500 are taken for
55cts. In case of
your taking a quantity
I would prepare and
insert a page or two
giving directions how
to use the book for
junior scholars, for
whom it could be
made to suit well
by leaving out the
more technical parts.
Mr Dawson was to
send you a copy of
the book.

When you have my
list of fossils & the
person in charge of
your museum would
you kindly ask him
& inform me what
locality is attached
in the original list
& no 100, as a
question of some interest
hangs upon it.

With all

Kind regards

Yours sincerely

W. Dawkins
