

Wednesday P.M.

My Dear Sir

My notice of the Mic.  
Club meeting at your house  
did not reach me in time  
which I regret as I had some  
matters to talk over with you,  
and had that evening to spare

I sent you Macoun's  
Specimen Sheets and now en-  
close his letter. He has of  
Phanogams &  
Acrogens about 1200 Species  
Anophytes and  
Lichens about 400 -  
in all 1600 Species

Perhaps the 1200 Phaenogams  
would be all that the college  
might need but even these at  
Macomb's price would cost some  
\$125 - a larger sum to raise  
than we spoke of and a sum  
which perhaps could be better  
spent otherwise. If you think  
favorably of the matter my \$10  
is <sup>however</sup> ready and my services to get  
to as much of the rest as I can.

This bill of Gould's is  
part of the entertainment outlay.  
As Mr G was kind I deemed  
it better to pay him at once  
and not bring some to whom to  
send it at the time, forgot it.

If you find that the Treasurer  
has closed his accounts it can  
stand as my contribution.

I am in Lake Superior  
and Anderson Bay Messes  
just now - Would you kindly  
send me your Scandinavian  
Bundle from Lindberg if  
it has not been broken up.

Yours truly  
David A. P. Wall
