

Museum. Monday Morning.

Dear Sir

I propose printing the articles for the first No of the new volume of the Naturalist, in the following order.

1. The Presidents address.
2. On the Origin of Species
3. On *Dithyrocaris Belli*.
4. Post-Pliocene deposits.

Would you kindly send the No. of the Geological Magazine containing the article on *Dithyrocaris Belli*; at your earliest convenience, if possible by the bearer.

I will see that it is duly returned to you.

Your obedient servant,
J. F. Whiteaves.

Principal Dawson F.R.S., &c.

Send the Foraminifera by bearer.
