

GEOLOGICAL SURVEY OF CANADA

(Museum and Office, 76 S^e Gabriel Street) MONTREAL.

26th June 1871

My dear Sir

I send you herewith some more proof which Lovell sent to the Office on Saturday. Notice the term "Eriau" occurs frequently in some parts of the paper. Will you please alter this before printing as I do not wish to make the Survey in any way responsible for the introduction of a new name for Devonian rocks.

Very truly Yours
