Dear Sir.

Allow me to acknowledge receipt of your very interesting and valuable pamphlet on the structure and affinities of *Sigillaria*, *Calamites*. I am sincerely obliged for this kind communication of yours. I have read it carefully with great pleasure and profit.

A former communication of yours may have been received and not acknowledged. I have been for two years and am still troubled with a debility of sight which has forced me to put aside every kind of work for a while. Very respy yours
