

Montreal, Oct. 16. 1871-

My dear Sir,

I have a letter from Dr. Barber,
of New Haven, dated Oct. 5, in which
he says he had written you ten days before-
asking if you could lecture in New Haven
this winter before the Yale Scientific Club.
but had no reply - Perhaps you have
since written. I have just returned from
a ten-days journey. Would it not be
well to print in the Naturalist the
replies which we sent to the R. I. A.
to King & Rowley. As it is they are
nowhere in print except in the Proceedings
of that Academy. I have a press copy
of my paper. but you may have got
a printed copy of both. I hope soon to call
up to see you for a little advice and
remain. My dear Sir,

Very faithfully yours,
Principal Dawson - Y. Sterry Wood
