REF. 21	

Summerside October 26th 1871

My dear Sir -

I am about launching the ship at Summerside, and am giving my whole attention to her. To the neglect of almost every thing else. - Your Sunday favor has been duly received and I must really apologize for not writing before. The Report when received last week, I forwarded at once to the Colonial Secretary's office, and have not since had time to look at it - or at least to read it over. - I see however that you have taken a very great deal of trouble and feel satisfied that the Report will be a very valuable one. - As regards the quantity please have it done in thirteen under your own eye - and have a thousand copies done up in pamphlet and forwarded to our Govt.

The Report you can illustrate, in the way you name or as you may think best -

I will add to the catalogue the additional numbers. Contained in yours of 18th Nov⁶
