Dear Sir

I send a late no. of Nature a notice of a new sp. of *Spataugus*. said to be different from the British sp. I am getting ready an extended paper on the Ichthyofauna of the East Coast of N. America - including the Deep Sea dredgings of Heida & of course wishing to make it as complete as possible with to you to ask how I can obtain access to this new sp. or who is going to describe it so that I may incorporate it in my forthcoming paper which I trust to issue next Spring. If you can give me any assistance in that direction I should be greatly obliged to you

Very truly yours

Alfred A. Sars

I have a list of names of
 authors of a number of photographs. I am
 applying for the books of the
 only an extended paper on the history of
 the East Coast of N. America. including
 the book on shipping of the 17th & 18th
 century to make it as complete as
 possible with the book on the
 other side of the river of. or what
 you think it from that way
 in the case it is my forthcoming paper
 which I want to see next spring. If
 you can give me any information in
 that direction I should be greatly obliged
 for your suggestions.
