My dear Dr Dawson

We have seen with pleasure the announcement of your proposed visit to New Haven next month and I write to ask if you will do us the favor to make our house your home while you are here. We have plenty of room for all our friends and esteem it a great pleasure to be permitted to enjoy their society.

If you will let me know the day and train by which you come I will meet you at the station.

Wm Silliman writes in kindest regards while I am off
as ever truly Yours
