Dear Sir

Will you permit me to thank
you for your pamphlet on the
higher education of women. - It
is most encouraging to observe
how rapidly enlightened views on
this important subject are
spreading.

My beloved Father was nearly
half a century before his time
on this subject. - I can hardly

say that the superior education
which he gave to his daughters
instead of confining them to
the special duties of their sex,
enabled them to fulfil them
better in their respective spheres.

With the best wishes for your
success in this important work,

I remain, Dear Sir,

Yours truly,

Mary Carpenter
