January 22/72

My dear Sir,

I beg to acknowledge
receipt of your favour of
January 1st. in reply of which
I beg to inform you that
you will have
received a first article
on Primitive Man before
this reaches you. I trust
it may prove acceptable.

With reference to
the publication of the serial
articles as a separate vol.,
I quite agree with the
Committee. My own plan
has all along been to
work up the matter of

the somewhat feeble one
by Davis.

I shall try to send
you a second article
on prismatic man by
the end of February. The
essay of Spenser on the
introduction of the "Hobbits"
to which you refer is very
good and points in
some directions of water
dissemination. But it
refers up to Samson and
the beavers, while Spenser
and the ~~other~~ Davis
have now given ~~the~~
up

As much as I've been any
~~whole world~~ ^{occupy new ground}
~~new aspect~~ The article
I have sent you is an
attempt to turn Spenser
fame so as to get
a large fund for the
whole object of ^{the} Revue
Verre.

I shall do what I
can to give you but
no more currency here
but given its way
sold in this state will
be in the states where
I know it has always to
be in the same manner
subscribed.

Make the liberty to
ask in your receipt
Yours
J. M. W.
