

Pictou 14th July 1842.

My dear Sir

I thank you for the Geological Report you sent me and am now in rec^t. of your favor of £5 Int. with \$10 which I have placed to your credit and have remitted \$20 to Rev. P. G. McGregor as your annual Sub^t. to the Foreign Mission and Enclose a copy of your ac^t with us to date bal \$2²³ at your debit. We have just seen Mr Pottinger who owes two years interest to Nov. 1841. He says he has had nothing to do this winter and cannot pay before next summer You were kind enough to say that this sum, when paid, could be placed to credit of our Y.M.C.A. Building Fund which will be attended to.

We were unable to make Mr Moore an offer of the Iron property at Merigonish last Fall in terms of the proposition that we then
D. Dawson —

wrote you about on the of Mr Henry
McKays objections. He was not one
of the original Shareholders but Mr
Kop says he owns a part of his share.

Now this places us in a bad position
to treat with any person as to a
Sale or otherwise as anyone inter-
ested in the smallest degree can, by
objecting, defeat what all the rest
think best to be done. We therefore
think it would be necessary to get
an Act of Incorporation to Enable
the majority of interests to Control
such matters. If you agree in this
opinion would you like to have your
name in the Act or otherwise.

Please write us soon on this subject
as our Legislature this month

As to the East River Iron Deposits
it has been ascertained that the
best one for the Firm of Fraser/
noticed in Mr Hartleys Report. was
granted by Government long ago
without reserving iron ore &
Mr Hudson has made arrangements

with the owner. seeing that property for an
English Coy into purpose working the one. He has
an interest in a Right of Search covering that property
but the discovery alluded to has put it beyond
our reach. We have an interest in a Right of Search
over the other area mentioned in Shantley's Report
with our united kind regards remain

Yours sincerely
Howard P. Winsor

Received
July 1871

I thank you for the
report you send me and
the two in rest of your favor of
the 10th. With 10 copies I have
given credit and have written
also to the Librarian as you
desired about the change of
the balance a copy of your
with a tabular list of
debit. The same has been
taken into consideration
to the 1871. The same has
nothing to do with the
current year before next
you have been directed to
that the same when
be placed a credit of
the balance sheet will be
attached to.

The new records to
Mr. Brown are after the
at the University and will
of the Association that
