

Montreal Mar. 1. 1872

My dear Dr. Dawson

I return the sketch
of a letter to the Minister of Marine from
which I note only one omission, viz.
the sum required for the additional
expenses, which was to be, as I agreed
with the Minister \$500. (five hundred
dollars -) You had previously named
\$250, and it was specially suggested by
him ^{and myself} that you should ask for double
the sum. A paragraph stating
that amount would in my opinion
make the application all that is required
and doubtless secure a favorable reply.

Very faithfully Yours

 My dear Dr. Bowser
 I return the sheet
 of the letter to the Minister of Marine for
 which I have only one commission, viz.
 the same referred for the additional
 papers, which was to be on board
 with the Minister 1870. I have enclosed
 (below) for his personal use
 the 25 or 30 copies of the report suggested to
 him, but you should see for details
 the same. A paragraph relating
 that amount would in my opinion
 make the application all the more
 and doubtless secure a favorable reply.
 Very faithfully yours
 W. Stewart
