

Chicago March 4. 1872.

Dear Sir.

At the request of Prof. Beal, of Lansing Mich, I have sent to you, by express, some specimens from the Carboniferous, Coal Measures, near Morris, Grundy Co., Illinois.

Prof. Beal said that he would write to you soon; but wished me to send you word when I had sent the specimens.

If they are of any value to you, I should be pleased to receive a few specimens from your Country.

Yours very truly,

Gilbert C. Bailey
