Dear Sir

Mr. Grafton had only
two copies of this work
of which I spoke to you
on Sunday. I got them
both intending to send
one of them to you,
if you wd do me
the favour to accept
it, I am sure you
will find it of service
in preparing your Sun
day lecture.

We must all
help each other & stand
by one another in
fighting this common
enemy of the race,

I hope the time is not
far distant when
the people will sus-
-tain ^{us} in our endeavor
to furnish the enons-
-ber from our law
by a stringent Pro-
-hibitory Law. To
obtain this we must
educate the people.
The labors of you
will help more
than a letter to
promote the good
Cause.
Yours Truly
C. J. Love
