

Montreal 7 June 1892

My dear Sir

I have to day rec^d

Your letter of 3rd inst from Pictou -
I also rec^d the documents &
letters from Mr Primrose
forwarded to me by Mr Dawson

- I am very glad to hear that
Your examination of the Iron
properties leaves such a favourable
impression. I trust that
our expectation may be
fully realised & that we
may soon see Iron Furnaces
at work. - I wrote to Mr
Prentice with copy of
Mr Primrose's letter in
which he states that some

of the Associates would not
be willing to extend the
time beyond 20. Aug. for his
right to purchase. —

I would strongly advise
that a second & third right
of search be taken out in
the names of some of
the associates on areas
already secured - that in
the event of the present
or other negotiations failing
others may not come behind
us benefit by our work. —

My own impression is
Mr Prentiss will be prepared
to purchase, but I have
not since heard from him
Yours very truly Henry Allsop
