Art. 100,
St. James's Street, S.W.

My dear Principal

I am truly obliged
and gratified by your
letter of the 22nd June -

I am fearful that
you estimate too highly
the service which I rendered

to the cause of Education
in Canada - I wish
I had done or at least
had attempted to do more
and that I had
attended more frequently
in Montreal for the year =
= gone - I believe the
progress of sound and

liberal instruction, not
unaccompanied by religious
teaching, but freed as
far as possible from
sectarianism to be of
great importance. - Upon
its spread and success
depend the future
greatness of the country
and the happiness of
the generations which are

to follow us -

The occasional intercourse
which I had with you
was very agreeable to me
I shall always recollect the
recollection with pleasure
and feel an interest in
your proceedings

Believe me faithfully yours
