

Dear Dr. Dawson

I shall return from
Picton before leaving for
England.

I should like a good
looking map of the area,
showing the coal mines,
Railways, built &
building, limestone T. &
Ch. Legge will do this better
than anyone, & it can
~~be photo~~ be reproduced
at home for circulation.
You will see that for this
purpose it must be
carefully done. It
should also show the

lines of tramway for
the cars to the Terrace,
also the proposed site of
the latter.

With reference to Mr.
Siles, it was arranged you
should reply to his pencil
note, & I think you should
address him somewhat in
this form: - Say that he
can address me early in
October at the Conservative
Club St James St London.
That while I have numerous
overtures I have not yet
committed myself to any

party - that I am free to
act & have no one to consult,
& that if Mr. Giles has
any business to propose, he
will find me a ready
& reasonable man to
deal with. If anything
should change my plans
about going direct to
London I will address him,
but at all times a note
to the Co-operative Club will
reach me wherever I may
be.

Yours faithfully

Edw. M. Peartree
