

Memo for Mr. Penrose  
re: Plans & Schedules

No 103, 104  
105, 107

1. Plans should be allowed as soon as possible & go upon the lots 103 & 107 with the view of making discoveries and delimiting mining areas.

No 46, 48  
Nos 49, 102, 108.

2. Mr. S. M. Dawson and Mr. J. Holmes can advise as to the selection of mining areas on No 46 <sup>48</sup> either a continuation of Laramie or a newly discovered bed - also on Nos ~~46~~ <sup>101</sup>, 102 & 108, in accordance with the facts furnished by recent explorations and the question as to reservation of these areas. See mineral areas on plan

No 103, & 107  
No 101

4. See Mr. Penrose about a third right on Nos 103 & 107 and about the precise limit of Westworth grant on No 101.

No 48, 47

~~3. Consult Mr. S. M. Dawson, ~~about~~ and Mr. S. Holmes, as to the best places to select mining areas on Nos 48 & 47. As soon as Andrew and Cunningham have delimitated or have allowed their time to expire.~~

Grants from  
Laramie

& It will be well to inquire as to the nature of the difficulty about grants from referred to by Mr. S. M. Dawson

also to consult with Mr  
Thomson as to the propi-  
ety of arranging with them  
on lot 101, on the basis  
of allowing them land-damages

no 101

& It will be well to  
collect information as to cost  
of extraction & transportation of  
oil, construction of railway,  
investment &c. Mr J. M.  
Dawson and Mr Dunn can  
aid in this.
