My dear Sir

I rec^d your note
late last evening. —
I now return you Mr
Pimrose's note of 30 Sept —

I am quite willing to
accept your position in any
location that you desire — I
would also say that any
responsibility incurred in
assuming the J. Franco lab —
I wish to share it with
you — that is I do not desire
you to assume any
responsibility other than what
I do — I am going out of
Town to day, but my

Brother will see you - and
also write any letter that
may be necessary to assume
the position required by Mr
Primrose - I will be very
sorry if any thing should
occur to prevent Prentiss
Carrying through the negotiations
- I have explained to
my Brother ~~fully~~ my views
on this matter, and he will
do what is necessary -
As I am going out of Town
for a few days

Yours truly
Henry Ellskey

Professor Dawson
