Dear Sir,

We send you more proofs herewith some extra duplicates of former "Signatures". We should be most happy to fall in with your wishes as to Frontispiece, I would gladly have an Engraving of Diagram of the Earth, Hutton, but we do not want to make the book more than 7/6, selling price, & as the cost of Electros from "Lithine Hour" adds to expense of production we think it best to omit Engraving

a frontispiece on purpose, but
it will be well to print one
of the full page illustrations
in front to answer as such
if one not already printed
can be used for the purpose.

A reference ^{should be} given as to which
page in the book it refers
to.

If Messrs. S. Low Sons &
have not any copies of your
"Archaia" in stock, it will
give us much pleasure to
receive some on sale or return
from Messrs. Dawson

We are Dear Sir

Yours faithfully
