REF. 19

FROM

JOHN HOPE & CO.,

Corn Exchange Buildings,

MONTREAL.

To

Dr Dawson

McGill College

Dear Sir

I duly received your note of y'day. I am very sorry the mistake has occurred especially as I have been looking forward to receiving things for some time back. However if, upon examination, you find that the barrels have not been addressed to me legibly I will be very sorry to put you to the least trouble in the matter, but if the barrels are addressed correctly

& it has been a blunder on the part of your servant,
it would satisfy me if you will repack one barrel
& will send for it when you notify me that it is ready
for delivery. I am much obliged for your offer to buy
two barrels for me to replace the lost ones, but I will
not ask you to do this, as it is only Oysters from this
particular bed that I am desirous of having. Much regretting
that you should be put to this petty annoyance thro' the
mistake of an underling I remain

I remain

Yours truly

B Dawson
