My dear W Dawson

Your letter of the 29<sup>th</sup> Oct & 12  
Nov<sup>r</sup> reached me in due course  
of post.

Mess<sup>rs</sup> Hadden & Stoughton have  
not yet intimated to me their  
receipt of the specimens you mention,  
but I shall shortly write to them  
to ask about them, and to request  
them to hand them over to Mr  
Dallas, lest your paper on Eosoon  
should be read before I am in  
London, which will not be  
until after the Christmas  
holidays.

On the 16 November Mr  
Stanford intimated to me that  
the map would be ready for  
printing during the week. I  
requested him before printing  
it to send me a proof, but  
he has not yet done so.

Yours truly,

A. C. Logan
