

Dear Madam

The lamented death
of your father and my friend has
I find pleased me in the first
day with you and in favor of
the of the executor of his will,
Mr. Hunt's experience in the
management of Mr. Williams' estate
and the special administration given
you him in the will I presume
will be sufficient to ensure the
success; but I shall be glad
to do anything that may be in my
power toward the interests of the estate
and the heirs.

Mr. Hunt will send you
the main copy of the will and
also a draft of a power of attorney
in his favor which we
are advised will be necessary
to facilitate the settlement of
affairs in this county.

I know that Mr. Williams
has made no provision in his
will for the completion of the
survey records in such township
of Canada in which he was en-
gaged, and which I believe he
intended as complete ^{in regard to his} ~~in regard to his~~
as a man of ^{reputation} ~~reputation~~
I should know whether the work
had attained to ~~the point of~~ ^{completion}
I would suppose ^{to be} ~~to be~~
it to be completed ^{at that} ~~at that~~ ^{time} ~~time~~
_{with his death he was}

You think well to send to the
County such notes of the visit
made by me on Sir William's last
visit to England, I would
be glad to put into the
with ^{the} ~~the~~ ^{report} ~~report~~ to you
how ^{any} ~~the~~ ^{expenses} ~~expenses~~ ^{of} ~~of~~ ^{the} ~~the~~ ^{project} ~~project~~
named for publication it must be
agreed in the views & course
whether they need, such the
necessary means & its complete
accord with Sir William's design. It
but it might perhaps be better
to transfer the whole to
the publisher, and to arrange
with him ^{the} ~~the~~ ^{terms} ~~terms~~ ^{for} ~~for~~
such publication as he will
give on the part of the
government.

Sir William we believe was
also in negotiation with the Treasury as
to buying into the diamond drill
in a piece selected from, at a
price of value £8000. The ar-
rangements here have already been
made & in part so that it can
be completed at once if the agreement
has been agreed. If not it might ^{event} be
well to ~~publish it~~
~~the~~ ~~made~~ ~~to~~ ~~depend~~ ~~on~~ ~~the~~ ~~ac-~~
tual state of the land and the purpose
of its complete publication, I can assure
you that Sir William's project
is cherished by all who know
here as a kind of present as well
as a public benefit, and I hope
I should that steps will be taken

The pulley today which has
been to him for many years
I shall always be sure with
the same speed & accuracy
England.

~~It all from party and~~

It is to be seen in the
Museum of the Will, my my own
Loving
Yours
