Scotland

15 Sept 1875

Dear Sir

I am so much
obliged to you for kindly
sending me the sketch of
your recollections of my
dear brother - I like so
much what you have said,
and I think it gives such
a true & just impression
of him - Although we
had hoped he would
have been longer with us -
he did leave with all

his activity, a very long life -
and I am sure throughout it, his
deepest interest was a
search for truth in the
investigations of Natural
History - My dear husband
& he were taken away within
three weeks of each other, &
these with my dear sister
Lady Lyell's death, have
made terrible blanks in my
circle - Pray give my
kind regards to Mr. Dawson
& your son George, who I
hope will never come to

Engl) without any to see as -

Believe me dear Sir

being faithfully yrs

Katherine M. Lyell

be return to my home in
London 42 Regent St. Road -
early next month -

Miss You
Cripps
