Ottawa.

27 Sep / 75

My dear Sir

Returning to the office this morning after a few days absence on business I found your letter of the 22 instant regarding the Report made by you Sir on the geology of the 49<sup>th</sup> Parallel.

Mr Lavis seems to think <sup>well of</sup> your suggestion about sending some copies of the Report to the Dept of the Interior at Washington - but to like them to be sent by the Dept of the Interior at Ottawa.

How many copies do you think I may pay to send? If you think that

10 would suffice to meet your other  
for on stock.

W Lane and W Fleming on both  
a town.

I congratulate you on the satisfactory  
receipts your fair report would appear  
to have been met with in the States.

Believe me,

Yours faithfully,

A. M. M. M.

Dr. D. W. S. S.
