

Should have given  
you further facts  
and specimens. I hope  
I shall be more fru-  
ituate should you return,  
our friend Carpenter  
is well. I shall  
give him your regards

Sincerely yours

My dear Sir,  
I have just  
received yours of 11th,  
and shall be  
glad to collect when  
I receive the vase  
shells you propose  
to send. As to  
the specimens of  
B. pleurum & F. Krzeri<sup>x</sup>  
by all means keep  
<sup>x</sup> and also the Indurina duplicates

them, and if  
there is anything  
else that I can  
send you let  
me know, as I  
am always ready  
to make my specimens  
useful in such good  
work as you are  
doing. I do not  
know if you noticed

among my shells one  
from Spitzbergen from  
the Dr St Lawrence. I  
was fortunate enough  
to get several additional  
specimens at Metis  
last summer, and  
could send you  
one if you wish it.  
I am regret that I  
was absent from Hunt  
real when you were  
here; as I could be
