Dear Sir. —

Your note of the 12th with the volumes mentioned in the same came this morning. — In behalf of the Trustees of the Central Turkey College I thank you most sincerely for these valuable works. There is no haste in regard to any other volume or volumes you may wish to send. Anything sent to my address here at the rooms of the A. B. C. F. M. and marked, "For the Central Turkey College", will always be safely forwarded to its destination in Turkey. I regret that at present

We have nothing to send to your
institution in return for your kindness
but I trust we may have in
years to come. —

Yours most truly
