

Montreal Dec 11/75

Principal Dawson
My dear Sir

Upon enquiring I find
that it was the same cold day
when you had come to complain
of the cold in the Committee room.
It was over 20 below zero and without
doubt no wonder it was cold
we almost invariably use it as
our Com room. However all that can
be done to make it comfortable
will be. The large table has been
ordered for some time back. I will
see about it again. It was my intention
to have been at Mr. Fenix this day
week at the Conference respecting
the Anniversary week, but not
fitting my nature until the morning

of Saturday my time had been
previously arranged for. we will
as usual take Monday evening
of the week. I also regret that
I could not attend the Sunday
School Union meeting on Thursday
I was unable to attend through
press of business.

I. Remmi
Yours faithfully
A. J. D. Claxton
